

genuine Bearing Buddy®

The original . . . and still the best!
Millions of bearings owe their lives to it

MADE IN U.S.A. — QUALITY CONTROLLED

If you tow a trailer
you need *Genuine*
Bearing Buddy®

- Prevents wheel bearing failure on boat, snowmobile, ATV, horse, RV, and utility trailers
- Eliminates bearing repacking
- Keeps water and dirt out of hubs and bearings
- Grease level easily checked
- Stainless steel components
- Proven in use for over 35 years and billions of miles of service.
- Easy to install

Dust Cap

SIZE GAUGE

Remove dust cap from wheel hub. Bearing Buddy® Model No. is determined if dust cap shoulder touches each side of "notch" while sliding through size gauge. Model No. is displayed on side of each notch. These 5 models fit 95% of all hubs. More models available. See your Dealer.
